UPDATE FROM RUTH HARRIS, COUNTY CHAIR

To Our TCGOP Members and Conservative Unaffiliated:

You may think the most important thing you can do for your country is to vote in the November general election. Yes, that is important. **But even MORE important is to vote in the March primaries.** That is where we select the best candidate to go up against the opposition in November and, if they win, we are "married" to that person for a long time. In the case of the Senate race it is six years! If we choose the wrong person, that's a long time to live with our decision. In the past, we have had only about 20% turnout for the primaries. We want to change that in 2022. In 2022, we elect a new sheriff, a new US Senator, new NC Supreme Court judges, and many more!

In the past, you may have failed to vote in the primary because you didn't know enough about the candidates. There are so many! You feel overwhelmed. Since the GOP cannot endorse a particular candidate, it does require some research. We want to help you with that this year. In fact, we want to make it fun! We want you to find those candidates you can get behind. They become your horse in that race. Think of it like the sports team you root for in college football. It will make the general election all the more interesting because you know who the candidates are and you have a favorite!

We will be having individual candidate events at our **NEW HEADQUARTERS at 470 Asheville Hwy, Suite G** (next to "Love That Yogurt!" on the college-facing side of the building). In addition, on the evening of February 19th, during early voting, we will bring as many candidates as possible to the Rogow Room at the library. We want to give you as much opportunity as possible to meet and get to know all these candidates.

We have accomplished much this year with our new website, acquiring our new year-round headquarters, and increased engagement. Thank you to all who contributed their time, energy, and financial resources to make all this happen. Next year will be even better!

From the TCGOP to all of you and your families, have a very Merry Christmas and a Happy New Year!

Ruth Harris

Transylvania County GOP Chair

America First Focus

The 2022 and 2024 election cycles are **MASSIVELY IMPORTANT** for the future of the Transylvania GOP, our state, and our nation. As we wind down a very challenging year, we're encouraged about the battles that America First patriots are winning across our country. Our party saw growth, but we need to continue to expand. We have important work to do in 2022 and we're positioned stronger to get it done. We are asking you to join our fight to reclaim our country.

The major focus next year is making sure that we elect solid **America First** candidates at all levels. Due to the 10-year US Census, North Carolina gained a US Congressional seat, and the General Assembly has redrawn all the legislative maps. Consequently, Transylvania County now has new legislative districts.

We are focused on improving interactions and communications with you. This monthly newsletter is a part of that new communications plan.

Transylvania County GOP News

We now have a new **permanent** TCGOP headquarters located at **470 Asheville Highway, Brevard, NC**. This brings us important meeting space and a more convenient way to interact with current members and attract new ones. We will be holding our first headquarters event Saturday, December 11th, when two candidates will hold meet and greet events. Please join us at 12-noon for US Senate candidate Mark Walker and at 1:30 for US House candidate Michelle Woodhouse.

We will also be announcing an open-house and hope to see you there soon!

We have launched our redesigned website at <https://www.transylvaniagop.org/>. Please visit the website and check out valuable information you'll need and [sign up for the newsletter](#). You will find news and other important information.

One 2022 goal is to make it easy for you to get involved with your Transylvania County GOP. Whether you have five hours a week or three hours a month to give, we can find your contribution happy place. Being involved enables us to pull back the curtain and enable you to see the political process up close as it happens. In 2020, we watched Madison Cawthorn become a "rock star" right before our eyes. Beginning in 2022, and looking ahead to 2024, we are offering an exciting menu of standing committees designed to support our 15 precincts. We believe that you'll find it's extremely gratifying to do your part for the conservative cause. [Please go to our website and consider membership on a TC GOP committee](#).

Legislative Redistricting News

With every 10-year federal census there is a realignment of legislative representation based on population changes. We now belong to three new
